Student Eligibility:

- The placement registration of the students is done through placement portal after Faculty Placement Coordinator (FPC) validates the information (including marks, backlogs, education gap, etc.,) provided by the students
- Students can update their database in the placement portal subject to approval from FPCs. If a student is found providing false data, then the student will become ineligible for further placement drives
- If a student is interested in pursuing higher studies / entrepreneurship, then the student will not be allowed to sit for the placement processes other than mass IT recruiters
- If a student with placement offers from dream/core/super dream/marquee companies is found going for higher studies by not honouring the placement offers, then the college will not support him/her for higher studies by not issuing Letter of Recommendations (LORs)
- Every participating organization shares their job profile, designation and compensation package with the students well in advance along with eligibility criteria. For every placement process, the eligible students who are interested in the roles offered by the companies need to apply through placement portal
- Eligible students need to apply for a drive within stipulated time mentioned for the particulardrive.On-thespotregistrationforthedriveswillnotbeentertained

On the day of the process:

- Faculty Placement Coordinator (FPC) and Student Placement Coordinator (SPC) will take the attendance of the participants involved in the placement drive

- Placement Office will consolidate the attendance report
- Any eligible student who indicates interest but does not attend the selection process will become ineligible for further placement drives. Exceptions will be decided by the Placement Office based on the merits of the cases
- Formal dress code is mandatory for the all the placement processes

Acceptance of an Offer:

- Before applying for any process, the student should check the job descriptions and skills required for a particular role. After getting selected, a student will not be able to decline the offer made by the company. By virtue of selection, a student has to accept the offer. Placement Office will send an official confirmation mail to the companies regarding the offer acceptance after every placement drive • A student who receives the offer is expected to join the company as and when the company asks them to join
- If a student does not join the company after receiving the offer, then a penalty will be imposed by the institute (Letter of recommendation for higher studies will not be provided by the college if a student does not join the company after receiving the offer)
